

SPRUCE TREE MONTESSORI SCHOOL

CULTURAL ENRICHMENT PROGRAM & SPANISH CLASS

The goal of our cultural enrichment program is to expose and educate students to the cultures of our community and world. It is our belief that given the opportunity, children can learn tolerance and compassion for all people. It's important that a child learn about their place in the world, both geographically and culturally. As a secular school, we will take pride in our ability and efforts to welcome all religions and no religion. Holiday lessons will be historical, educational, neutral and optional, but we encourage families to respectfully acknowledge the cultural differences and religious beliefs within our school community. Parents will be informed about and invited to help coordinate and participate in cultural and holiday lessons as appropriate.
