

Elementary Program

A traditional Montessori elementary program offering an inspiring experience guided by Montessori-certified teachers in a multi-age classroom environment for children ages 6 - 12, grades 1st - 6th.

Montessori education nurtures the child's natural desire to learn. Classrooms are active, but peaceful, engaging yet quiet. Students develop in a self-paced environment where socio-emotional and practical life skills are learned alongside academics.

STMS is affiliated with the American Montessori Society (AMS) as a Full Member School and has achieved full implementation of the AMS School Standards and Accreditation Criteria.

ALL YEAR MONTESSORI - Year round education focused on whole child well being.

Our elementary program provides a well-rounded, full day academic experience including the hallmark Montessori 3-hour work period where students work independently, in pairs, in small groups, and when individual and small group lessons are presented. Students enjoy time outdoors, physical education (PE), foreign language exposure, music/dance, cooking and art as a part of their regular school day.

Monday - Friday, 8:30 am - 3:30 pm. Morning snack provided.
